Welcome to Jakob's Café & Bar!

Your visit is greatly appreciated, whether it is to enjoy our food, drink coffee, cocktails and draught beer or to listen to live music!

Our overall aim is to ensure that you, as our guest, are completely happy and satisfied. We serve café food prepared by fully-qualified chefs and trainees. With a few exceptions, everything is made from scratch, and we always strive to source the best raw ingredients – locally in the rest of Denmark and in the wider world.

Jakob's Café is totally unique:

We are not part of a chain, and our concept is completely our own. The café is owned by Jakob Sund, who lives in Skagen and operates the café on a daily basis.

With the exception of a 5-week period for renovation in 2015 and the three closures due to coronavirus, Jakob's Café has been open every single day since 11 June 1999.

We are truly honoured to play an active role in the town centre and always try to create a lively atmosphere at Havnevej 4 – all year round.

Once again – Welcome!

Kind regards, Jakob Sund

The Story:

1999:

On 11 June, Jakob's Café & Bar opened the doors to Skagen's new eatery and meeting place.

The idea behind the concept particularly entailed creating an eatery where the focus was not necessarily mainly on fish dishes, of which an abundance were already to be found elsewhere in the town. Jakob's Café had to be something different and be geared towards a wider public.

Live music was never part of the plan from the start, but after trying out small bands a few times it proved to be the way forward for making the most of the bar's capacity in more recent times. As the years went by, the live music calendar expanded to include up to 60 events annually. The numerous events created a growing need for more space...

2015:

For the first time in more than 15 years, Jakob's Café closed its doors to the public. This was done to allow us to expand the existing café into new premises, which our neighbour had used as a storeroom for many years. The intention was to use the space to expand the bar and create a significantly bigger dance floor. The renovation took five weeks and also meant that we had to bid farewell to the original style – all fixtures and fittings were replaced with new ones.
